EXPERIENCE

Senior IT Consultant with Governance specialties. Specializing in system developments, business analysis and digital transformation. A long standing member of Soroptimist International South East Asia Pacific since 1992. I have incorporated my IT skills to improve Soroptimist IT interaction at all levels I have held be it at club, region and federation level, including past director of SISEAP and Past Director of Soroptimist International.

Soroptimist Experience

2022-2024 Board member of SISEAP

2020-2022 - Soroptimist International board member

Prior to 2020

Member of the Federation Programme Team, ICT Liaison officer for many years Public Relations convenor for 4 years, Club President, Secretary and Treasurer, Region President, Region programme convenor. Provided strategic direction and oversight of

Industry led Innovation for SISEAP

Led the End-to-End Digital Transformation of the membership database, the Google Platform, the Programme Database, installation and training of NFP software, skills included Business Analysis, Vendor Procurement (Tendering), and Change Management through bespoke training and technical support."

Continue to optimize the Digital Infrastructure of SISEAP through the procurement of NFP donated industry-standard software, providing the foundation for professional-tools which improve the organisation capacity to function in the new AI world.

Industry Experience

With over five decades of IT industry experience, I provide expert oversight of the Federation's digital assets. My expertise spans the full software development life cycle (SDLC), from initial business analysis and functional

requirements to vendor procurement and final implementation. I am a certified **Microsoft Office Product Specialist** and hold dual certifications in **Project Management** and **Knowledge Management**, allowing me to bridge the gap between technical requirements and organizational strategy. Recently, I have focused on **AI-driven fundraising strategies** and **NFP software procurement** to ensure SISEAP remains at the forefront of digital efficiency

To meet the demands of technology in the spear of cyber security, I Authored and implemented the **SISEAP Risk Management Plan**, and the **CyberSecurity Policy**, specifically addressing data privacy, secure access protocols, and emergency response to digital disruptions.

Professional Development & Compliance: Remain at the forefront of the evolving threat landscape and I have completed specialized Cybersecurity for Non-Profits coursework, focusing on protecting sensitive member data and maintaining regulatory compliance.

Technical Liaison: Serve as the strategic bridge between the Board and technical vendors, translating complex security requirements into actionable governance policies.

EDUCATION

Cheltenham Girls High School

Various Vocational training courses in the IT Industry.

Project Management certificates in Agile, Waterfall and Kanban

Business Analyst

Certified Train the Trainer

Vocational courses in cyber security, Privacy Laws, and AI Fundraising.

Attended a 3 day training course delivered by Kerry Fitzgibbon and Daryl Grant on AI Powered Facebook marketing www.totalfbsuccess.com

Completed a certificate course Nonprofit Tech for Good Certificate in Social Media and Marketing & Fundraising program.

COMMUNICATION

Communication is a strong point, both written and Presentation, As a Business Analyst, Project Manager and Change Management, it is important to have strong, clear and consistent communication. I took the Strategic Lead for the **SISEAP** by writing the **Communications Policy**, ensuring consistent and professional messaging across the Federation. Proficient in managing high-level internal and external communications, with specialized expertise in social media marketing and digital fundraising platforms to reach diverse global audiences."

- **Vocal/Presentation:** Experienced mentor and presenter, capable of leading webinars, training sessions and board-level briefings.
- **Digital:** Advanced knowledge of social media ecosystems, recently enhanced by a **Social Media Marketing & Fundraising** certificate to drive organizational growth.

LEADERSHIP

Previous roles in the IT industry as a mentor, looking after databases and other IT platforms for internal staff, I am able to provide direction and keep track of tasks

I bring extensive experience in **Technical Governance**, having spent my career directing the development and maintenance of complex database systems. I specialize in **Project Lifecycle Management**, ensuring that all technical tasks are executed with precision and align with the Board's strategic objectives. My background in multiple skills benefits me as a Director of SISEAP, in that I can foster a culture of digital and excellence and accountability, by ensuring that the company has the best of technical software to meet the demands of a growing organisation, but at the same time meet the skills level of a very diverse membership.
